

# THE CONTRACT FOR SUBWAYS.

THE CONSOLIDATED ELECTRICAL SUBWAY COMPANY delivered its contract and bond to the Commission yesterday, pledging itself to the faithful performance of the task of laying underground conduits for the transmission of electric power by the Commission. Commissioners Flower, Hoss and Moss were all present, besides the other officers of the Board and a number of citizens, excepted to the performance of the task. The transaction of some slight routine business, including the acceptance of the resignation of W. J. Setton, the secretary, accompanied by a vote of thanks from the Commission, occupied the attention of the meeting for a few moments, when Edward Lauterbach, the counsel, and Henry Fitzhugh, the president of the Consolidated Company, appeared with the bond, contract and certificate of acceptance ready for the signatures of the Commission and of themselves. Mr. Lauterbach and Mr. Fitzhugh, who were accompanied by their respective counsel, secured the indorsement of the bond, with some information as to their business standing and responsibility, they are as follows:

**Alfred Sully**—President of the Ohio Southern Railroad Company, No. 115 Broadway, director of the Consolidated Company, and individual bondholder in the Bonding Railroad, and to be worth between \$2,000,000 and \$2,500,000. **Charles R. K. Co.**—President of the Consolidated Company, No. 41 Wall Street, and a large real estate company, worth \$2,500,000. **David R. Deane**, of Paoli, Pa., a contractor—a brother-in-law of John H. Johnson, of Cleveland, Ohio, and a large real estate company, worth \$2,500,000. **John E. Hoffman**, of New York, president of the Knickerbocker Steamboat Company, director of the Consolidated Company, and a large real estate company, worth \$2,500,000. **John E. Hoffman**, of New York, president of the Knickerbocker Steamboat Company, director of the Consolidated Company, and a large real estate company, worth \$2,500,000. **John E. Hoffman**, of New York, president of the Knickerbocker Steamboat Company, director of the Consolidated Company, and a large real estate company, worth \$2,500,000.

The names of the parties having been previously considered by the Commission their approval was a formality, but before the proceedings ratifying the contract the Commission had to be satisfied that the parties were in a position to perform the task. Mr. Lauterbach, on behalf of the Commission, it was plain before him had gone far in his remarks, that they were entirely a surprise to Mr. Lauterbach, who was not prepared to argue directly beside him listened attentively while they were thus charged by the Commission on the duties which the company were about to assume. Mr. Gibbons, who had been previously considered by the Commission, and when they are settled we shall know just where we stand. And knowing, we shall act.

How? Mr. Martine does not feel committed to any one line of action, but it will not take him long to make up his mind. What is the sample doing in Montreal? Mr. Martine answered that. We are in a better position to-day to go to trial than ever before—you may say that. The delay was unavoidable, and nothing was to be done. Mr. Martine's argument before the Court of Appeals in the Jaehne case makes his sixteenth appearance there since he has been in the District-Attorney's office. District-Attorney Martine denied yesterday several rumors respecting Mr. Sample's visit to Canada, but would not say whether the purpose of the visit was to see the District-Attorney. Mr. Martine's office was not to be used to shield Keenan in preference to Moloney on account of political friendship, and Mr. Martine's office was not to be used to shield Keenan in preference to Moloney on account of political friendship, and Mr. Martine's office was not to be used to shield Keenan in preference to Moloney on account of political friendship.

**SELLING THE OLD "VILLAGE CHURCH."**  
AN APARTMENT HOUSE TO TAKE THE PLACE OF A WELL-KNOWN BUILDING.  
The United Presbyterian Church in January, near Eighth-street, has been sold by the congregation and will in a short time be torn down. It is one of the oldest church buildings in the city, and had been occupied by the congregation for more than forty years. It was not built by the United Presbyterian Church, but was originally used as a Presbyterian church, being erected about 1830, when the Third Ward was the Greenwich Village suburb, and it was the first church of the denomination in the city. It was sold by the congregation for \$30,000, and the proceeds were to be used for the purchase of a new church building. The new church building is to be erected on the site of the old church, and will be a large and modern structure. The old church building is to be sold to a private party, who will use it as an apartment house.

**THE DEMAND OF THE MERCHANTS.**  
The dry-goods merchants do not propose to let the matter of freight classification rest without a final and satisfactory decision by the Railroad Commissioners. A full meeting of the committee was held yesterday afternoon at the Merchants' Association. The meeting was called to order upon a letter from Commissioner Fink, in which he requested that a representative statement of the merchants be prepared and presented to him for use in the meeting of the commissioners this afternoon. In accordance with this request, Mr. Green, secretary of the committee, was requested to prepare a statement.

**MCABE NOT TO YIELD WITHOUT A FIGHT.**  
THE CASE TO GO TO THE COURTS—TALK ABOUT HIS SUCCESSORS.  
The dismissal of Second Assistant Chief John McCabe by Fire Commissioners Purroy and Smith was the subject of considerable discussion in business and political circles yesterday. McCabe seemed to be surprised at McCabe's dismissal, but the general opinion seemed to be that it was not due entirely to the mistake he made at the Harlem fire. McCabe told some time ago that his dismissal was a foregone conclusion, and that Purroy was only waiting for an excuse to carry it out. This has been in fact ever since last fall, when McCabe was dismissed from the Fire Department. McCabe was a popular and successful fireman, and his dismissal was a great loss to the Fire Department.

**TRIBUTES OF KLUNDER, THE FLORIST.**  
An action has been begun in the Supreme Court by James Chambers, through Remond & Smith, to recover the sum of \$10,000 from Klunder, the florist. The action is based upon a contract made between the two parties. Klunder was a popular florist, and his death was a great loss to the community. The action is being brought by his estate, and the court is expected to decide in favor of the plaintiff.

**CHARLES J. HARRIS ARRESTED.**  
Detectives Kelly and Kerman called at the residence of Charles J. Harris, a well-known politician, and arrested him. Harris was charged with the possession of a dangerous weapon. Harris is a prominent figure in the community, and his arrest has caused a great deal of excitement. Harris is being held in custody, and his case is expected to be tried in the near future.
